Declaration of consent to obtaining  
a development report from the kindergarten

---

Name of the kindergarten

To facilitate the admission decision and provide individual support, it is important for the school to get the most accurate descriptions possible from persons who were able to observe my child over a longer period of time.

I hereby give my consent to the school contacting the kindergarten indicated above to obtain information on the development status and any potential problems. I acknowledge that by doing so, I release the employees of kindergarten indicated above from their duty of secrecy and grant them the unconditional permission to provide the teachers of the school with information.

Information obligation of the parents

- 1) The private situation may change while your child attends elementary school. This usually means that the address changes as well.  
The school is not always informed of this. To make sure that the school can fulfil its duty of information, I will notify the school immediately in case the address of one of the parents/legal guardians changes.
- 2) I would like to notify the school of the following facts which may jeopardise school enrolment in summer:

---

I kindly ask the school administration to contact me personally to discuss further details.
